

With 7.7% CAGR, Full Spectrum Cannabidiol (CBD) Oils Market to Hit USD 2.71 billion by 2028: Data Bridge Market Research

The rise in the product acceptance and usage is the factor responsible for the growth of full spectrum cannabidiol (CBD) oils market

PUNE, MAHARASHTRA, INDIA, August 16, 2022 /EINPresswire.com/ -- [Full Spectrum Cannabidiol \(CBD\) Oils Market](#) size is expected to grow at a compound annual rate of 7.7% in the forecast period 2021 to 2028 and is likely to reach USD 2.71 billion by 2028. The rise in the product acceptance and usage is the factor responsible for the growth of full spectrum cannabidiol (CBD) oils market in the forecast period of 2021 to 2028.

According to Data Bridge Market Research, the market for full spectrum cannabidiol (CBD) oils is expected to gain growth because of the rise in the occurrence of chronic diseases and related complications and the legalization of CBD in various regions. Moreover, the rise in the millennial population and rise in the number of new product launches are also some of the significant factors accelerating market's growth. However, the lack of legalization initiatives and toxic effects related with cannabis within the aforementioned forecast period. The rigid regulatory policies is expected to challenge the market's growth.

Market Summary:-

Cannabidiol (CBD) oil is a safe and a non-addictive substance which is found in the cannabis plant. CBD oil is largely used in various medical applications such as stress relief, diabetes prevention, anxiety and depression, improvement of cancer symptoms, lessening of pain and

acne drop. Full-spectrum CBD contains all the compounds which occur naturally in the cannabis plant, counting trace amounts of tetrahydrocannabinol (THC).

However, the lack of legalization initiatives and toxic effects related with cannabis are projected to act as a restraint towards the [growth of full spectrum cannabidiol \(CBD\) oils market](#), whereas the rigid regulatory policies can challenge the growth of the full spectrum cannabidiol (CBD) oils market. Moreover, the rise in the research and development efforts and financial funding for cannabinoid research, high adoption of hemp oil in pharmaceutical industries and rise in the plant-based medicines are expected to further generate new opportunities for the full spectrum cannabidiol (CBD) oils market in the forecast period of 2021 to 2028.

The major players covered in the full spectrum cannabidiol (CBD) oils report are
