STS began in 2001 supplying refurbished PCs to K-12 schools. Today, the company has grown both organically and through acquisitions into an educational technology dynamo providing furniture, devices, classroom management technology, integrated learning space design solutions, network hardware, and professional development services.
ABOUT STS EDUCATION

Pacific OneSource DBA STS EDUCATION was founded as EduTech Group in 2001 to provide low-cost computers to schools. Over time, the company's offerings have expanded to include not only educational technology but planning, consulting, design, and professional development services.
