Altenew aims to provide its customers with high-quality, handy crafting adhesives that won't break the bank. Unlike other crafting supplies, adhesives are used a lot in paper crafting projects. That's why it's vital for the company to ensure that each product offers strong adhesion, and a little goes a long way.

Every card maker knows the value of a high-quality, precise glue pen. This led Altenew to create the fan-favorite 2-in-1 Precision Glue Pen. This liquid adhesive features a fine tip to allow for precise application of glue - just perfect for those detailed die-cuts, small embellishments, and more. Each glue pen has 10ml of white glue that dries clear and can either be permanent or repositionable.

The recent additions to Altenew's sticky essentials are the Double-Sided Adhesive Sheets, [Instant Dimension Foam Tape](#), Satin Masking Tape, and Ultra Sticky Double-Sided Tape.

The much-talked-about Instant Dimension Foam Tape received a warm welcome from the crafting community due to its large size and pleasing aesthetics. This double-sided adhesive is 0.5" (12.7mm) wide and features a gorgeous floral design - making it uniquely Altenew. The added depth is perfect for making a focal point stand out on handmade cards, scrapbook layouts, journal pages, home decor pieces, and other paper crafting projects.
