NEW YORK, UNITED STATES OF AMERICA, August 17, 2022

/EINPresswire.com/ -- Today, Inc. revealed that [Fingent](#) is on its annual Inc. 5000 list, the most prestigious ranking of the fastest-growing private companies in America. The list represents a one-of-a-kind look at the most successful companies within the economy's most dynamic segment—its independent businesses. Facebook, Chobani, Under Armour, Microsoft, Patagonia, and many other well-known names gained their first national exposure as honorees on the Inc. 5000.

"We are honored to be named to the Inc. 5000 annual ranking for the first time in our history," said Samuel

Varghese (Sam), Chief Executive Officer, Fingent. "Being named to the Inc. 5000 fastest-growing private companies is the ultimate recognition to all our team at Fingent. This recognition reflects our ability to successfully move organizations forward with industry-tailored custom software solutions developed using the latest technologies."

The companies on the 2022 Inc. 5000 have not only been successful but have also demonstrated resilience amid supply chain woes, labor shortages, and the ongoing impact of Covid-19. Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at [www.inc.com/inc5000](http://www.inc.com/inc5000).

"The accomplishment of building one of the fastest-growing companies in the U.S., in light of recent economic roadblocks, cannot be overstated," says Scott Omelianuk, editor-in-chief of Inc. "Inc. is thrilled to honor the companies that have established themselves through innovation, hard work, and rising to the challenges of today."
