The global surgical imaging market was valued at \$1,063 million in 2018, and is expected to reach \$1,496 million by 2026, growing at a CAGR of 4.3% from 2019 to 2026.

Surgical imaging systems are intra-operative imaging systems that are based on X-ray technology and can be used flexibly in various operating rooms during different surgeries such as orthopedic surgery, traumatology, vascular surgery, neurosurgery, and cardiology for intra-operative imaging. The device provides high-resolution X-ray images in real time, allowing the surgeon to monitor progress at any point during the surgery.

The surgical imaging market is expected to experience significant growth during the forecast period owing to rise in demand for minimally invasive surgical procedures across geographies

with increase in popularity of flat panel detector (FPD). Increase in number of hybrid operating rooms further boost the [surgical imaging market growth](#) during the forecast period. Furthermore, increase in demand for integrated imaging systems and technological advancement in surgical imaging systems such as launch of O-arms n G-arms further contribute toward the market growth. However, higher cost of surgical imaging systems can impede the market growth.

Which market perspectives are enlightened in the Surgical Imaging market report?

Executive Summary: It covers a summary of the most vital studies, the Worldwide Surgical Imaging market increasing rate, modest circumstances, market trends, drivers and problems as well as macroscopic pointers.

Study Analysis: This covers major players, vital market segments, the scope of the products offered in the Surgical Imaging market, the years measured and the study points.

Competitive Analysis: In this segment each player is screened based on a products, services, value, SWOT analysis, growth and other significant features.

Geographic Analysis: This Surgical Imaging market report analyses data on the basis of production, sales, imports & exports, and key players in all regional markets.

Surgical Imaging Market Segments and Sub-segments::

Surgical Imaging Market by Key Players: GE Healthcare (A Subsidiary of General Electric Company), GENORAY Co. Ltd., Hologic, Inc., Koninklijke Philips N.V., Medtronic plc, Shimadzu Corp., Siemens Healthineers AG, Toshiba Medical Systems Corporation, Whale Imaging Inc., and Ziehm Imaging GmbH.

Surgical Imaging Market By Modality Type: Mobile C-Arms, Mini C-Arms, and Others

Surgical Imaging Market By Technology Type: Image Intensifier, and Flat Panel Detector (FPD)

Surgical Imaging Market By Application: Neurosurgery, Orthopedic & Trauma Surgery, Cardiovascular Surgery, General Surgery, Other surgeries

Interpretative Tools Used in Market Analysis: The methodical tools including SWOT analysis, Porter's five forces analysis, and investment return examination were used while breaking down the development of the key players performing in the market.

Growth Indicators in the Market: This section of the report covers the indicators that contains mergers & acquisitions, R&D, new product development, joint ventures, and associations of leading participants working in the market.

Key Questions Answered:

Who are the leading players involved in Surgical Imaging Market?

Which are the major regions covered in Surgical Imaging Market report?

Which is the leading revenue-generating region in Surgical Imaging Market?

Which is the most influencing segment growing in the Surgical Imaging market report?

What are the key trends in the Surgical Imaging market report?

What is the total market value of Surgical Imaging market report?

Table of Content

Chapter One: Industry Overview

Chapter Two: Major Segmentation (Classification, Application and etc.) Analysis

Chapter Three: Production Market Analysis

Chapter Four: Sales Market Analysis

Chapter Five: Consumption Market Analysis

Chapter Six: Production, Sales and Consumption Market Comparison Analysis

Chapter Seven: Major Manufacturers Production and Sales Market Comparison Analysis

Chapter Eight: Competition Analysis by Players

Chapter Nine: Marketing Channel Analysis

Chapter Ten: New Project Investment Feasibility Analysis

Chapter Eleven: Manufacturing Cost Analysis

Chapter Twelve: Industrial Chain, Sourcing Strategy and Downstream Buyers
