His seminars and books have influenced the lives of millions for over five decades, and the new documentary not only reveals Tom's legendary charismatic style and techniques, but also features an impressive list of business luminaries that attribute much of their success to his teachings.

"Tom Hopkins is a true American success story", states [Dan Portik](#), owner of BVS Film Productions. After a glorious career of training over five million people on five different continents, Tom has recently announced he is moving towards retirement. After three years in the making and one pandemic, the completed documentary encompasses the many milestones of Tom's career and includes interviews with some of the most influential and successful individuals in the motivational training and business world. People like Sharon Lechter, seven-time NY bestselling author and coauthor of the Rich Dad Poor Dad series., Tom Ziglar, son of Zig Ziglar and supplement giant 1st Phorm's owner and president Sal Frisella. After

attending one of Tom's seminars, Sal was inspired to develop and grow his health supplement business into a worldwide \$150,000,000+ success.
