Buildings Construction Global Market
Report 2022 - Market Size, Trends, And
Global Forecast 2022 - 2026*

LONDON, GREATER LONDON , UK,
August 18, 2022 /EINPresswire.com/ --
As per The Business Research
Company's "Buildings Construction
Global Market Report 2022", the

[buildings construction market share](#) is expected to grow from \$6529.74 billion in 2021 to \$7361.37 billion in 2022 at a compound annual growth rate (CAGR) of 12.7%. The growth in the building construction market is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The buildings construction market growth is expected to reach \$11475.81 billion in 2026 at a CAGR of 11.7%. The population profile of most countries is becoming older, increasing the demand for elderly friendly infrastructure.

[Key Trends In The Buildings Construction Market](#)

As per the buildings construction industry research, building construction companies are increasingly using green construction techniques to build energy efficient buildings and reduce construction costs. Green construction refers to the practice of using sustainable building materials and construction processes to create energy-efficient buildings with minimal environmental impact. In UK, certifications such as Leadership in Energy and Environmental Design (LEED) help construction companies to develop high-performance, sustainable residential and commercial buildings, and also offer a variety of benefits, from tax deductions to marketing opportunities. Sustainable construction materials such as natural paints and steel beams made from recycled material are being widely used in the UK. Other green construction techniques such as cross-ventilation for more natural environment, green construction software such as Construction Suite to ensure green compliance, and Green Globes management tool are also
