We are honored to be recognized for a second time by Inc. 5000. Since 2014, we have focused on delivering exceptional service and a fresh perspective to ERP and Cloud implementations.”

Thomas Ajspur, CEO

The list represents a one-of-a-kind look at the most successful companies within the economy’s most dynamic segment—its independent businesses. Facebook, Chobani, Under Armour, Microsoft, Patagonia and many other well-known names gained their first national exposure as honorees on the Inc. 5000.

“We are honored to be recognized with so many respected companies for a second time by Inc. 5000. Since 2014, we

have focused on delivering exceptional service and a fresh perspective to ERP and Cloud implementations,” said Thomas Ajspur, CEO of Enavate.

The companies on the 2022 Inc. 5000 have not only been successful, but have also demonstrated resilience amid supply chain woes, labor shortages and the ongoing impact of COVID-19. Among the top 500, the average median three-year revenue growth rate soared to 2,144 percent. Together, those companies added more than 68,394 jobs over the past three years.

“This recognition is a testament to the expertise, strength and focus of our global diverse team, which includes nearly 200 team members in Ukraine. I am in awe of our global team who have shown support to these team members, all the while providing exceptional service to our clients and industry partners. They truly embody the very foundation that Enavate is built upon, working to transform businesses and the lives they touch,” said Ajspur.
