

Lao Pharmaceutical Company BioSpring Manufacturing Unit Phase 1 Factory Officially Delivered

VIENTIANE, LAOS, August 19, 2022 /EINPresswire.com/ -- BioSpring ("BioSpring Group.LTD" "BioSpring Group") announces Phase 1 of the manufacturing unit was constructed and delivered.

This time, the delivery of the manufacturing unit constructed according to the ICH(1)-GMP(2) standard is the first step for BioSpring to serve global users.

With the strong support and joint efforts of the Vientiane government of Laos and the Saisetta Comprehensive Development Zone, the first phase of the BioSpring manufacturing unit was officially delivered. Next, BioSpring will focus on the development of precision therapy, antiviral products, and consumer brands. As one of the emerging

BiosPring Factory

pharmaceutical companies in Laos, BioSpring will make full use of the strategic opportunity period given by WTO to LDC(3) member TRIPS(4).

“

At present, new therapies and new drugs are still emerging in advanced countries. At the same time, unmet medical needs still exist in developing countries.”

Sinapha xong, Chairman of BioSpring

About BioSprin

BioSpring is a vertically integrated pharmaceutical company providing innovative solutions from formulation development to product commercialization. We aspire to lead by example and be a business that serves users around the world, and we will launch a range of affordable products that can be used globally.
