The top competitors' revenues and market shares are first collected as part of the research methodology used to evaluate and forecast this market. Press releases, annual reports, non-profit organisations, trade groups, governmental agencies, and customs data were just a few of the secondary sources used to find and gather data for this in-depth market study. Based on calculations, the total market size was determined. The market has been divided into a number of segments and subsegments after the overall market size has been determined. These segments and subsegments have then been confirmed through primary research by conducting in-depth interviews with industry professionals like CEOs, VPs, directors, and executives.

Major Key players in this Market:

- Altair Engineering Inc.
- Dassault Systèmes SE
- Bentley Systems Inc.
- Caracol AM
- Autodesk Inc.
- MSC Software Corporation (Hexagon AB)
- Diabatix
- ANSYS Inc.
- Paramatters
- Desktop Metal Inc.
- nTopology Inc.

Drivers and Restraints

The market drivers for Generative Design are recognised for their ability to illustrate how their actions may affect the market's overall growth over the projection period. In order to identify potential future trends in the industry, the importance of driving forces and potential obstacles that market participants may encounter in the Generative Design market is carefully assessed. The restrictions of the Generative Design market may draw attention to the elements that might obstruct the development of the regular market. Detailed Segmentation:

Global Generative Design Market, By Deployment:

- On-premise
- Cloud

Global Generative Design Market, By End-User Vertical:

- Automotive
- Aerospace and Defense
- Architecture and Construction
- Industrial Manufacturing
- Other End-user Verticals

Market segment by Region/Country including:

- North America (United States, Canada and Mexico)
- Europe (Germany, UK, France, Italy, Russia and Spain etc.)
- Asia-Pacific (China, Japan, Korea, India, Australia and Southeast Asia etc.)
