

# Building Finishing Contractors Global Market Estimated To Grow At 13% Rate

*The Business Research Company's Building Finishing Contractors Global Market Report 2022 - Market Size, Trends, And Global Forecast 2022 - 2026*

LONDON, GREATER LONDON , UK,  
August 19, 2022 /EINPresswire.com/ --

As per The Business Research Company's "Building Finishing Contractors Global Market Report

2022", the building finishing contractors market is expected to grow from \$1205.22 billion in 2021 to \$1358.56 billion in 2022 at a compound annual growth rate (CAGR) of 12.7%. The growth in the building finishing contractors market is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The [building finishing contractors industry growth](#) is expected to reach \$2112.71 billion in 2026 at a CAGR of 11.7%. The population profile of most countries is becoming older, increasing the demand for elderly-friendly infrastructure.

## [Building Finishing Contractors Market Trends](#)

Predictive analytics is playing a prominent role in the building finishing contractors market to simplify risk management, manage financials and resources, and allocate budgets. Predictive analytics refers to a technique used to process large data sets and infer actionable information and behaviour patterns. The software analyses data collected from subcontractors, materials suppliers, design plans to examine and control risk factors. Predictive analytics helps the project manager to predict and avoid delays in manpower availability and equipment shortages, collects weather data and predicts the conditions for the company to take preventive actions against the weather changes to avoid loss of material and labour costs. Some of the software used by building finishing contractor include GanttPRO, Acculynx, Jonas Premier, CoConstruct, Buildertrend, Knowify, Procore, PlanGrid, ProContractor and BIM 360.
