NORTHAMPTON, MA, USA, August 19, 2022 /EINPresswire.com/ -- Marketing Doctor, one of the fastest-growing media planning and buying agencies in the world, is proud to announce that they have been recognized on the 2022 Inc. 5000 list of the Fastest Growing Private Companies in America at No.1643. This is the fourth year in a row that Marketing Doctor has been named to this prestigious list. The list represents a one-of-a-kind look at the most successful companies within the economy's most dynamic segment—its independent businesses. The agency has been experiencing consistent and significant growth even during the time of unprecedented challenges due to the pandemic. With impressive revenue growth of 381% over these past three years, Marketing Doctor anticipates continued growth due to the demand for its media buying services and its ability to surpass its clients' advertising expectations. The agency has also been awarded a Best Place to Work by the industry trade publications.

Marketing Doctor's President and Founder, Janet Casey, remarks, "Four years in a row! What a testament to our team's smarts, ambition, work ethic, and pride in a job well done. I credit the team here 100% for scaling successfully (and quickly!) which means maintaining high standards and embodying a growth mindset. We're over the moon to share this achievement."

"The accomplishment of building one of the fastest-growing companies in the U.S., in light of recent economic roadblocks, cannot be overstated," says Scott Omelianuk, editor-in-chief of Inc.

Methodology

Companies on the 2022 Inc. 5000 are ranked according to percentage revenue growth from 2018 to 2021. To qualify, companies must have been founded and generating revenue by March 31, 2018. They must be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2021. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2018 is \$100,000; the minimum for 2021 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Growth rates used to determine company rankings were calculated to four decimal places.
