

# EvoCharge Launches Concealed Pedestals for EV Charging Stations

*New pedestal offerings create clean, convenient, and safe EV charging areas.*

MINNEAPOLIS, MN, UNITED STATES, August 23, 2022 /EINPresswire.com/ -- EvoCharge®, an industry leader in Electric Vehicle Supply Equipment (EVSE) and cable management solutions, is proud to announce the launch of its new EvoCharge Concealed Pedestal for mounting EV chargers in public spaces, parking areas and more. The EvoCharge Concealed Pedestal joins a family of convenient accessory solutions for station mounting and cable management.

"The EvoCharge Concealed Pedestal presents a sleek, modern look at an affordable price point, making it perfect for parking spaces." said John Aune, product manager for EvoCharge. "It offers a complete solution with the wiring safely enclosed inside, space to mount cable management, and easy installation. As electric vehicle ownership continues to rise, so does demand for convenient charging station solutions where people live, work, and travel across North America."

EvoCharge Concealed Pedestal Charging Stations

The new pedestals come in two widths, 4-inch square and 6-inch square. The concealed raceway keeps wiring safely enclosed within the pedestal. Two [charging stations](#) can be mounted on the 4-inch model and up to four charging stations can be mounted on the 6-inch model, making EVSE mounting extremely affordable. Other features include:

- Weather-resistant construction with powder coated

corrosion protection

- Water-resistant single access panel
- Secure ground-mounting with four anchor bolts
- Small footprint saves space and keeps walkways clear
- ADA-compliant charger mounting height
