

PODCAST SERIES “OPERATION SAVE ABORTION” -- A NATIONWIDE TRAINING PROGRAM FOR ABORTION ACTIVISM

MSW Media and Abortion Access Front (AAF) drop limited series training podcast, August 26th 6pm Eastern

SAN DIEGO, CALIFORNIA, USA, August 22, 2022 /EINPresswire.com/ -- Since reading Justice Samuel Alito’s sneering, misogynistic opinion that overturned Roe v. Wade, millions of people started panicking, asking, “WHAT DO WE DO?!” (video: <https://www.youtube.com/watch?v=q92LspTw1dQ>)

The graphic features the Operation Save Abortion logo at the top, which consists of a white square with a blue circle and the letters 'SA' inside, followed by the words 'OPERATION', 'SAVE', and 'ABORTION' stacked vertically in red, yellow, and green respectively. Below the logo is the tagline 'It's Not A March, It's Your Training Day' in red. Underneath is the heading 'TOGETHER, WE WILL LEARN HOW TO:' in bold black. This is followed by four colored boxes: 'FUND ABORTION' (red), 'HELP CLINICS' (teal), 'TAKE POLITICAL ACTION' (yellow), and 'MAKE GOOD TROUBLE' (red). At the bottom is the website 'OPERATIONSAVEABORTION.COM' in blue, flanked by two sets of three vertical bars in red, yellow, and teal.

Operation Save Abortion Podcast Series

[Abortion Access Front](#) (AAF) answered that question with a campaign called OPERATION SAVE ABORTION (OpSave) -- because marching and raging is important, but it’s not enough.

“

I’m honored and excited to help produce and amplify the OpSave podcast series. As a military veteran and choice activist, this is one of the most important topics in a generation.”

Allison Gill

Operation Save Abortion was launched as day-long live-streamed event from New York, which brought together abortion funders, providers, legislative and policy experts and direct action curators for a full day of interactive conversations that beamed into activist house parties nationwide. The result was 10,000 participants watching and learning how to get involved, and choosing to do so in a way that works for them.

Now that live-streaming event is available as a special “[Feminist Buzzkills Live!](#)” five-part podcast series, produced

by Abortion Access Front and the [MSW Media](#) Network. The series drops August 26 at 6 p.m. Eastern.

“I’m honored and excited to help produce and amplify the OpSave podcast series. As a military

veteran and choice activist, this is one of the most important topics in a generation," says Dr. Allison Gill, founder and CEO of MSW Media. "The OpSave message dovetails with the mission of MSW Media - a company run by women to support independent media voices on issues of justice and democracy."

Dr. Gill added, "I'm personally involved with lobbying the Pentagon to allow abortion access at military treatment facilities and allowing leave for reproductive health care travel. I'm also working with activists to lobby congress to pass legislation that will protect and expand access to abortion care."

Instead of being limited to a single day of activism, now people can grab their friends, download the toolkits, listen and participate in Operation Save Abortion in episode form whenever it's most convenient for them.

It's like a book club, but for podcasts, with fun activities provided!

Lizz Winstead, "Daily Show" co-creator and founder of Abortion Access Front, says people are looking for ways to fight back. "The number one complaint we have heard from people as this reproductive crisis unfolds is, 'I don't know what to do!' Operation Save Abortion provides a platform to showcase a variety of organizations in the movement so new activists can learn about them, hook up with them, and make an action plan to dive in and help out."

ABOUT ABORTION ACCESS FRONT

Founded in 2015 by comedian and Daily Show co-creator Lizz Winstead, Abortion Access Front (Abortion AF) is a nonprofit organization made up of comedians, writers and producers. They use humor to destigmatize abortion and expose the extremist forces working to destroy access to reproductive rights and abortion in all 50 states.

Abortion AF's provocative and hilarious multimedia content educates people about the pervasive and discriminatory abortion laws that disproportionately impact underrepresented people, especially in BIPOC communities, while also working on the ground, growing support and raising awareness for independent abortion providers- the community clinics who bear the brunt of anti-abortion legislation and harassment, and provide the majority of abortion care in the country.

ABOUT "FEMINIST BUZZKILLS LIVE!"

They make sense of all the madness by digging in hard with policy experts, leaders in the reproductive health, rights, and justice movements, and activists working on the ground. The Feminist Buzzkills stan educating and empowering viewers who are sick of feeling helpless as they watch the erosion of their rights. Sure, our A-team of experts will bring the facts, but it's the hilarious dragging of oppressive assclowns by our "FBK Live!" hosts that earns us our "petty with a purpose" gold star and keeps viewers wanting more.
