

EB-5 Industry Leader Announces Free Webinar: “The EB-5 Visa is Now Safer for Investors”

NEW YORK, NEW YORK, UNITED STATES OF AMERICA, August 22, 2022 /EINPresswire.com/ -- EB5 Affiliate Network ([EB5AN](#)), an industry-leading EB-5 investment fund manager, regional center operator, and consulting firm, will host a live webinar, “The EB-5 Visa is Now Safer for Investors: An Analysis of the EB-5 Reform and Integrity Act of 2022,” on August 25, 2022, at 3:00 PM EDT. EB5AN managing partner Sam Silverman will be joined by H. Ronald Klasko, one of the preeminent immigration attorneys in the EB-5 field and the founder of Klasko Immigration Law Partners. They will discuss the impacts of the EB-5 Reform and Integrity Act of 2022, which was signed into law by President Biden on March 15, 2022. The Reform and Integrity Act introduces new measures to safeguard EB-5 funding and ensure that the financial activities of EB-5 projects and regional centers are monitored closely, thereby reducing investors’ risk of fraud or misappropriation of funds. Investors can now have increased confidence that their funds will be used for legitimate job-creating purposes. As a result, they also enjoy greater chances of immigrating successfully and receiving a timely return of their capital.

On the other hand, EB-5 projects and regional centers must now comply with demanding new requirements for financial record-keeping and transparency. Since managing an EB-5 entity will become more costly under the new rules, investors can expect lower returns and higher administrative fees.

Investors, project managers, regional center owners, and other members of the EB-5 industry will benefit from the webinar’s in-depth explanation of the new integrity measures and how they protect investors.

The following points will be covered in the webinar:

- The new accountability and reporting requirements for regional centers and EB-5 promoters.
- New provisions to protect investors, including an extended window for job creation and guaranteed processing of Form I-526 for regional center investors.
- Why the new integrity measures will result in increased costs for EB-5 projects, regional centers, and investors.

In addition to the webinar, EB5AN has also prepared [an article](#) on the impact of the new integrity

measures on investors.
