

Curago Health Receives SOC 2 Type II Attestation

Curago Health, a fast-growing patient engagement company, has completed its System and Organization Controls (SOC) 2 Type II audit.

SANTA CLARITA, CA, UNITED STATES,

August 23, 2022 /EINPresswire.com/ -- [Curago Health](#), a fast-growing patient engagement company committed to improving the patient experience, today announced that it has completed its System and Organization Controls (SOC) 2 Type II audit, performed by KirkpatrickPrice. This attestation provides evidence that Curago Health has a strong commitment to security and to delivering high-quality services to its customers by demonstrating that it has the necessary internal controls and processes in place.

“

SOC 2 attestation recognizes that Curago Health meets rigorous Trust Service criteria. It demonstrates the maturity of our company and a robust, secure patient engagement platform.”

*James Deck, founder and CEO
of Curago Health*

A [SOC 2](#) audit provides an independent, third-party validation that a service organization’s information security practices meet industry standards stipulated by the [AICPA](#). During the audit, a service organization’s non-financial reporting controls as they relate to security, availability, processing integrity, confidentiality, and privacy of a system are tested. The SOC 2 report delivered by KirkpatrickPrice verifies the suitability of the design and

operating effectiveness of Curago Health’s controls to meet the standards for these criteria.

“Achieving SOC 2 attestation provides industry recognition that Curago Health’s information security practices, policies, procedures and operations continue to meet the rigorous SOC 2 Trust Service criteria,” said James Deck, founder and CEO of Curago Health. “For our customers, SOC 2 demonstrates the maturity of our company and a robust, secure patient engagement platform that delivers exceptional, quality service.”

With transformative technology that streamlines operations, increases revenue and lowers expenses, Curago Health offers the leading patient experience platform designed to meet the needs of community health centers and ambulatory care providers.

“The SOC 2 audit is based on the Trust Services Criteria,” said Joseph Kirkpatrick, President of KirkpatrickPrice. “Curago Health delivers trust-based services to their clients, and by communicating the results of this audit, their clients can be assured of their reliance on Curago’s controls.”

About Curago Health

Founded in 2015, Curago Health is a fast-growing patient engagement company committed to improving the patient experience within the healthcare system. Curago's powerful patient experience platform provides innovative Patient Intake and Patient Communication solutions, leveraging mobile, web, and text to engage patients. Its platform scales from medical practices, community health centers and behavioral health organizations, to hospitals and a wide range of healthcare providers.
