NEW YORK, UNITED STATES, August 24, 2022 /EINPresswire.com/ -- Nong Rak, multi-hyphenate brand by Thai-American duo Home Phuangfueang and Cherry W. Rain-Phuangfueang, to unveil its new season of unisex designs at New York Fashion Week (NYFW) 2022 on September 9, 10, and 11. The more than 100 one-of-a-kind pieces for sale are handmade with sustainably sourced vintage and modern yarns in a variety of rich colors and lively textures.

Nong Rak, founded in 2018, is a knitwear design and creative studio anchored in tactile experience. Its installation during NYFW at the Larrie Gallery on the Lower East Side is designed to evoke an atmosphere of sensory nostalgia while setting the stage for their hyper-textural creations.

Nong Rak's playful variety of gender-neutral accessories and clothing has caught the attention of international fashion enthusiasts as well as writers from [Vogue](#), Business of Fashion, Women's Wear Daily, and [Office Magazine](#) among others. From a sold-out Spring collaboration with [Heaven by Marc Jacobs](#) to being worn by musicians like Amine and celebrities like Hailey Bieber, Nong Rak continues to rapidly grow its fanbase as an underdog in the industry.

The public is invited to Larrie Gallery, 27 Orchard Street, New York, to experience everything from Nong Rak's technicolor brushed mohair garments and freeform crochet sweaters to their signature bucket caps and more - available to view and purchase in-person during NYFW 2022 weekend, September 9 to 11.
