

Robotic Surgery Services Global Market Estimated To Grow At 17% Rate

*The Business Research Company's
Robotic Surgery Services Global Market
Report 2022 – Market Size, Trends, And
Global Forecast 2022-2026*

LONDON, GREATER LONDON, UK,
August 24, 2022 /EINPresswire.com/ --
As per The Business Research
Company's "[Robotic Surgery Services
Global Market Report 2022](#)", the

robotic surgery services market is expected to grow from \$0.73 billion in 2021 to \$0.86 billion in 2022 at a compound annual growth rate (CAGR) of 17.8%. The growth in the market is mainly due to the companies resuming their operations and adapting to the new normal while recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The robotic surgery services market is expected to reach \$1.59 billion in 2026 at a CAGR of 16.6%. Increase in purchasing power of hospitals and ambulatory care services has helped in the growth of the robotic surgery service market.

Robotic Surgery Services Global Market Report 2022 from TBRC covers the following information:

Market Size Data

- Forecast period: Historical and Future
- By region: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.
- By countries: Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK, USA.

Market Segmentation

- By Component: Systems, Accessories, Services
- By Application: General Surgery, Urological Surgery, Gynecological Surgery, Orthopedic Surgery, Neurosurgery, Others
- By End-User: Hospitals, Ambulatory Surgery Centers (ASCs)
- By Geography: The global robotic surgery services market is segmented into North America, South America, Asia-Pacific, Eastern Europe, Western

Europe, Middle East and Africa.

Major market players such as Intuitive Surgical Inc, Stryker Corporation, Medrobotics Corporation, Johnson & Johnson, Globus medicals, NuVasive, Smith & Nephew plc, Titan Medical Inc, TransEnterix Inc and University of Pittsburgh Medical Centre.

Trends, opportunities, strategies and so much more.

Robotic Surgery Services Global Market Report 2022 is one of The Business Research Company's comprehensive reports that provides an overview of robotic surgery services global market. The market report analyzes robotic surgery services global market size, robotic surgery services industry growth drivers, robotic surgery services global market segmentation, robotic surgery services market major players, robotic surgery services market growth across geographies, robotic surgery services market trends and robotic surgery services market competitors' revenues and market positioning. The robotic surgery services industry report enables you to gain insights on opportunities and strategies, as well as identify countries and segments with the highest growth potential.
