

3D Cone Beam Computed Tomography (CBCT) Systems Market to Account USD 1.5 Billion at CAGR of 9.6% with Forecast to 2029

3D Cone Beam Computed Tomography (CBCT) Systems Market Share, Size, Demand & SWOT Analysis by 2029

CHICAGO, ILLINOIS, UNITED STATES, August 24, 2022 /EINPresswire.com/ -- [3D Cone Beam Computed Tomography \(CBCT\) Systems market report](#) analyses key factors of the Healthcare industry which offers precise and accurate data and information for the business growth. The document is generated with the systematic gathering and analysis of information about individuals or organizations which is conducted through social and opinion research. Also, competitive analysis gives a clear idea about the strategies used by the major competitors in 3D Cone Beam Computed Tomography (CBCT) Systems market that perks up their penetration in the market.

The significant 3D Cone Beam Computed Tomography (CBCT) Systems market report is a complete overview of the market that spans various aspects such as product definition, customary vendor landscape, and market segmentation based on various parameters such as type of product, its components, type of management and geography. It includes main manufacturers, suppliers, distributors, traders, customers, investors, major types, and major applications. Most appropriate, unique and creditable global market research report is put forth for the valuable customers and clients depending upon their specific business needs. The persuasive 3D Cone Beam Computed Tomography (CBCT) Systems marketing report helps strengthen an organization and make better decisions for driving the business on the right track.

Leading Key Players Operating in the 3D Cone Beam Computed Tomography (CBCT) Systems Market Includes:

Abbott (US)
Danaher (US)
DENTSPLY SIRONA (US)

Carestream Dental LLC., (US)
Planmeca Oy (Finland)
VATECH (South Korea)
Cefla s.c. (Italy)
Thermo Fisher Scientific Inc., (US)

Key Market Analysis and Insights:

[Global 3D cone beam computed tomography \(CBCT\) systems market](#) was valued at USD 0.6 billion in 2021 and is expected to reach USD 1.5 billion by 2029, registering a CAGR of 9.6% during the forecast period of 2022-2029. The "Dental" accounts for the largest application segment in the 3D cone beam computed tomography (CBCT) systems market within the forecasted period owing to the increase in the prevalence of dental diseases/conditions. The market report curated by the Data Bridge Market Research team includes in-depth expert analysis, patient epidemiology, pipeline analysis, pricing analysis, and regulatory framework.

In recent years, the adoption of the cone-beam computed tomography (CBCT) systems has skyrocketed owing to increasing affordability of advanced computers equipped with CBCT units. These systems are highly used and even advised by a number of dentists and imaging professionals to detect the problem with absolute clarity. As a result, the entire market is accelerating due to the effectiveness and efficiency of CBCT technologies in medical operations, propelling the growth of the market over the forecasted period.

Global 3D Cone Beam Computed Tomography (CBCT) Systems Market Scope and Market Size

The 3D cone beam computed tomography (CBCT) systems market is segmented on the basis of patient position, detector type, field of view, application and end user. The growth amongst these segments will help you analyze meagre growth segments in the industries and provide the users with a valuable market overview and market insights to help them make strategic decisions for identifying core market applications.

Patient Position

Single Position

Others

Detector Type

Image Intensifier Detector

Flat-Panel Imager Detector

Field of View

Small
Medium
Large

Application

Dental
Non-Dental

End User

Hospitals
Clinics
Diagnostic Centers
Research Institutes

3D Cone Beam Computed Tomography (CBCT) Systems Market, By Region:

[Global 3D Cone Beam Computed Tomography \(CBCT\) Systems market](#) is analyzed and market size insights and trends are provided by country, product as referenced above.

The countries covered in the 3D Cone Beam Computed Tomography (CBCT) Systems market report are the U.S., Canada and Mexico in North America, Germany, France, U.K., Netherlands, Switzerland, Belgium, Russia, Italy, Spain, Turkey, Rest of Europe in Europe, China, Japan, India, South Korea, Singapore, Malaysia, Australia, Thailand, Indonesia, Philippines, Rest of Asia-Pacific (APAC) in the Asia-Pacific (APAC), Saudi Arabia, U.A.E, South Africa, Egypt, Israel, Rest of Middle East and Africa (MEA) as a part of Middle East and Africa (MEA), Brazil, Argentina and Rest of South America as part of South America.

North America dominates the 3D Cone Beam Computed Tomography (CBCT) Systems market because of the rise in the cases of arrhythmic diseases, favorable reimbursement policies for patients, high demand for advanced treatment methods and developed healthcare infrastructure in the region. Asia-Pacific is estimated to grow in the forecast period due to the high prevalence of cardiovascular diseases, increase in adoption of advanced digital devices, large population and launch of new innovative products.

3D Cone Beam Computed Tomography (CBCT) Systems Market Dynamics

This section deals with understanding the market drivers, advantages, opportunities, restraints and challenges. All of this is discussed in detail as below:

Drivers

Surging Dental Disorders

The growing dental disorders and other issues associated with dental are the most significant factor driving the growth for this market. Additionally, the growing demand for cosmetic dentistry is also expected to fuel market growth.

The increasing disposable income, rising healthcare expenditure coupled with the availability of health insurance are also projected to cushion the growth of the market. Moreover, the adoption of new and advanced technologies are estimated to generate lucrative opportunities for the market. Growing medical tourism and rapid rise in consumer awareness are also expected to accelerate the overall growth of the market. The presence of advanced healthcare and medical infrastructures as well as higher adoption of advanced technology will further expand the 3D cone beam computed tomography (CBCT) systems market's growth rate in the future. Moreover, the rising awareness among the patients also cushions the market's growth within the forecasted period.

Table of Contents: Global 3D Cone Beam Computed Tomography (CBCT) Systems Market

- 1 Introduction
- 2 Market Segmentation
- 3 Executive Summary
- 4 Premium Insight
- 5 Market Overview
- 6 Covid-19 Impact on 3D Cone Beam Computed Tomography (CBCT) Systems in Healthcare Industry
- 7 Global 3D Cone Beam Computed Tomography (CBCT) Systems Market, by Product Type
- 8 Global 3D Cone Beam Computed Tomography (CBCT) Systems Market, by Modality
- 9 Global 3D Cone Beam Computed Tomography (CBCT) Systems Market, by Type
- 10 Global 3D Cone Beam Computed Tomography (CBCT) Systems Market, by Mode
- 11 Global 3D Cone Beam Computed Tomography (CBCT) Systems Market, by End User
- 12 Global 3D Cone Beam Computed Tomography (CBCT) Systems Market, by Geography
- 13 Global 3D Cone Beam Computed Tomography (CBCT) Systems Market, Company Landscape
- 14 Swot Analysis
- 15 Company Profiles
- 16 Questionnaire

About Data Bridge Market Research:

An absolute way to forecast what future holds is to comprehend the trend today!

Data Bridge Market Research set forth itself as an unconventional and neoteric Market research and consulting firm with unparalleled level of resilience and integrated approaches. We are determined to unearth the best market opportunities and foster efficient information for your business to thrive in the market. Data Bridge endeavours to provide appropriate solutions to the complex business challenges and initiates an effortless decision-making process. Data Bridge is an aftermath of sheer wisdom and experience which was formulated and framed in the year

2015 in Pune.

Data Bridge Market Research has over 500 analysts working in different industries. We have catered more than 40% of the fortune 500 companies globally and have a network of more than 5000+ clientele around the globe. Data Bridge adepts in creating satisfied clients who reckon upon our services and rely on our hard work with certitude. We are content with our glorious 99.9 % client satisfying rate.
