

# For transparency, Bluebell makes public additional disclosure in support of its items for the Richemont Sept 2022 AGM

*For transparency, Bluebell Capital Partners makes public analyses and letter exchanges with Richemont over the past year to support 3 voting items at the AGM*

LONDON, UNITED KINGDOM, August 24, 2022 /EINPresswire.com/ -- In view of the AGM scheduled for September 7th, 2022 and in the spirit of transparency, Bluebell Capital Partners ("Bluebell") would like to make available to all stakeholders the analyses and the proposals sent to the board of Richemont SA ("Richemont" or the "Company") since the beginning of its engagement with the Company in August 2021.

As previously stated in press releases dated July 20 and August 16, 2022, Bluebell believes Richemont is a high quality company that would benefit (albeit within the limits of a dual share class structure) from an improved governance in terms of board dynamics, strategic direction, stewardship and oversight.

The starting point is to exercise the right for a board representative elected by the "A" shareholders that is highly qualified to create value for all shareholders. A right that has never been exercised in the history of the Company.
