

# Highlights from the Construction Links Network platform this week - August 25, 2022

*Peer-to-peer content sharing for the construction, building and design community*

SUNDRE, ALBERTA, CANADA, August 25, 2022 /EINPresswire.com/ -- [Construction Links Network](#) is the industry's ONLY peer-to-peer content sharing platform for the construction, building and design community in Canada.

Top news this week comes from the Association of Equipment Manufacturers. AEM's CONEXPO-

CON/AGG and IFPE announced the inaugural Next Level Awards Program which will celebrate exhibiting companies that are pushing the boundaries and developing next-level products, technologies and services designed to advance the construction industry. Ten finalists will be highlighted at CONEXPO-CON/AGG and IFPE next March in Las Vegas, with show attendees

“

We advertise on Construction Links Network as their platform is excellent. They publish our product announcements and share our blogs which is hugely beneficial for our exposure to the industry.”

*Kevin Milne - Marswell Metal Industries Ltd.*

voting on-site to determine the Contractors' Top Choice. Applications are accepted now through November 30, 2022. Construction Links Network is proud to have AEM as a member of this network as well as be a media partner for CONEXPO-CON/AGG.

The top video is courtesy of HausBots out of the United Kingdom. Watch HausBots test their HB1 wall climbing robot. The HB1 can climb rough surfaces, overcome obstacles such as wires and surface bolts, and has a payload of 6KG. The robot is used for: painting, HD visual inspection and building and infrastructure surveys.
