

U.S. Coast Guard Academy Jettisons Unvaccinated Cadets

COLORADO SPRINGS, COLORADO, UNITED STATES, August 26, 2022 /EINPresswire.com/ -- STARRS has learned that seven cadets at the U.S. Coast Guard Academy (USCGA) were banished from the grounds and given 24 hours to "get out" for failure to comply with what is likely an illegal order to receive the Covid-19 vaccination.

Three separate courts have imposed service-wide injunctions stopping adverse actions against members of the Navy, Air Force and Marine Corps who have sincerely held religious objections to the Covid 19 vax.

A request for a similar injunction regarding Coast Guard personnel is being reviewed. "What's the rush? The cadets pose no danger to others," said Ron Scott, USAF-Ret (Col.) and STARRS. Multiple press reports indicate there are several hundred thousand in the military [who have yet](#) to be vaccinated with zero evidence of any harm to readiness or danger to others who serve.

The Centers for Disease Control and Prevention (CDC) [has now acknowledged](#) the experimental vaccine does not prevent the acquisition or spread of infection. Major

concerns about its present and future adverse side-effects are being ignored. "This raises profound questions regarding the legality of the Covid-19 vaccine mandate," Scott said. Among the most compelling concerns are the lack of proper informed consent, blanket denial of legitimate religious exemptions, and the legal distinction between the Emergency Use Only vaccine in use and the FDA approved Comirnaty product, Scott noted.

All branches of the armed forces are experiencing a recruiting crisis. "It is nonsensical to dismiss seven highly qualified USCGA cadets, who have expressed a fervent desire to serve their country," said Scott. "When will politicians and military leaders have the courage to put an end to this tyrannical mistreatment of citizens?"
