

# Equator Introduces High-End, Vintage Side-By-Side Freezer/Refrigerator Combo

*Created with retro appeal, the stylish FF 830 and RR 1100 models are set to take the interior design world by storm.*

HOUSTON, TEXAS, UNITED STATES OF AMERICA, August 26, 2022

/EINPresswire.com/ -- Boasting one of the industry's most unique exterior designs to date, Equator Advanced Appliances has officially launched their [Retro Side-By-Side Refrigerator-Freezer set](#) (FF 830 and RR 1100 models). Intended to be placed together to achieve the full effect, this combo offers vintage appeal paired with the latest, top-tier features.

"Styled after refrigerators from the 1940s and 1950s, our goal in creating the FF 830 and RR 1100 models was to marry nostalgia with the latest industry features," said Nick Mathews, of Equator Advanced Appliances. "Many of our customers have been looking for a refrigerator/freezer combo that stands out from the rest, and that matches their one-of-a-kind style and personality."

Available in three stunning color options (red, black, and cream), the Retro Side-By-Side [Refrigerator-Freezer](#) set functions as two independently operating appliances. When pushed together, the FF 830 and RR 1100 appear as a singular unit.

The FF 830 is equipped with six drawers and one flap, while the RR 1100 has five shelves and one drawer. Reaching the optimum level of icy cold, the FF 830 freezer has a capacity of 8.3 cubic feet, and has an adjustable temperature range of 3.2° F - 11.2° F. It is frost free, Energy Star rated, and has a replaceable door gasket. Like the refrigerator side, it runs on powerful compressor cooling and has adjustable feet.

The RR 1100 side of the bundle has several of its own unique features. Boasting a capacity of 11.12 cubic feet, there is ample space for storing your favorite foods and beverages. Temperature controls range between 35.6° F - 46.4° F, and it has a crisper for extra storage. There is an interior light to illuminate the contents of the refrigerator, and adjustable shelves for perfect placement. The entire combo measures in at 71.93 x 48 x 27.83 (HxWxD).

Other noteworthy features include a rust proof handle, electronic temperature control, multi air flow cooling, and a one year parts and labor warranty.

Individuals can purchase the Retro Side-By-Side [Refrigerator-Freezer combo](#) for \$2925 on Amazon, Home Depot, Overstock, Lowe's, Wayair among others and also on Equator Advanced Appliances website.

#### About Equator Appliances
