

The 2022 Manila International Book Fair Presents Dellia by David Scidmore

David Scidmore's epic fantasy fiction work is in attendance at the upcoming 2022 Manila International Book Fair

MANILA, PHILIPPINES , August 26, 2022 /EINPresswire.com/ -- Fantasy and Sci-Fi fanatic, David Scidmore, will be bringing his book *Dellia: The Ever Branching Tree* to the 2022 Manila International Book Fair this coming September 15-18, 2022. This weaved-together book of romance, fantasy, and science fiction is expected to make noise in the world of fiction along with a surge of anticipated new readers.

David Scidmore *Dellia The Ever Branching Tree*

Dellia is the first in a series with book 2 titled, *Aylun*, currently under work. This epic fantasy science fiction involves a lot of dragons, magic, and a tad touch of humor and relatability. This is a story about ordinary people thrust into extraordinary circumstances. It is the right blend of alternate worlds, action, adventure, and dire peril, with political intrigue, a generous dollop of romance, and a pinch of humor to keep the readers engaged.

This lengthy but delightful work traverses readers into the tale of a physicist and his friend being propelled into the world of Meerdon. David Scidmore has always been a huge fan of fantasy and science fiction, so it is perhaps no surprise that Scidmore found himself gravitating toward the idea of penning a work of the same genre of his interest. Scidmore's interest and fascination with sending ordinary people to a terrifying realm of the fantastical gave birth to "*Dellia*". Don't miss out and grab your copy now! Available on Amazon, Barnes & Noble, and more online book retailers.
