Market Overview (2017-2027)

- Forecast CAGR (2022-2027): 9.60%

Young people believe that getting a tattoo enhances their attractiveness. The major consumers in this sector are Millennials and Generation Z. As a result of the increased desire for tattoos among teenagers, the industry is expected to develop. Because of the commercial potential, a huge number of creative designers are launching tattoo shops.

Tattooing items are in high demand due to the growing trend of having a fashionable design on the body to show off an appealing figure. In addition, the growing consumption of on-demand videos, digital magazines on various social media platforms and sites related to lifestyle and creative fashion wear has helped increase the fashion knowledge of the populace, supporting the market growth.

Industry Definition and Major Segments

A tattoo is a pattern, permanent image, or word on the skin that is created by needles pumping colours into the skin. Tattoos are divided into three categories: purely decorative, symbolic, and pictorial.
