

America's Future Files Amicus Brief in Ninth Circuit in On-going Second Amendment Challenge

VENICE, FLORIDA , UNITED STATES, August 26, 2022 /EINPresswire.com/ -- America's Future, Inc., a national leader in the fight to preserve individual rights, promote American values and traditions, and protect the nation's Constitutional Republic, announced that it joined 12 other nonprofit organizations to submit a [Motion to Leave](#) to File an Amicus brief along

with the Amicus Brief on August 23, 2022, to the Ninth Circuit Court of Appeals in Duncan, et al. v. Rob Bonta, in His Official Capacity as Attorney General of California, No. 19-55376 (2021).

Should the Ninth Circuit grant the Motion, our Amicus brief is filed in support of Appellant Virginia Duncan's, et al. position that California Penal Code § 32310, as amended by Ca. Senate Bill 1446 together with Proposition 63 (2016 referendum) is an unconstitutional infringement of Appellants' Second and Fourteenth Amendment right to bear arms.

“

America's Future will do all that it can to protect citizen rights, freedoms and liberties.”

Mary O'Neill, Executive Director

This is our second brief filing in this case. On April 1, 2022, America's Future filed a brief to the Supreme Court of the United States (SCOTUS). Following the SCOTUS's landmark Second Amendment decision in New York State Rifle & Pistol Association v. [Bruen](#) 597 U.S (2022) on June 23, 2022,

the SCOTUS vacated the Ninth Circuit's en banc decision, sending it back to the Circuit for further consideration based on new law. Hence, the motion to leave filing this week.

“America's Future will do all that it can to protect citizen rights, freedoms and liberties,” said Mary O'Neill, America's Future Executive Director. “It is our hope and prayer that the Ninth Circuit will cast-off judicial activism, embrace judicial restraint and reconsider the constitutional challenge in this case clear-eyed.”

Citing the Bruen decision, America's Future brief explains the task before the Ninth Circuit is

simple, stating, “The only issue to decide is whether California has ‘demonstrated that the regulation is consistent with this Nation’s historical tradition of firearm regulation.’ There is to be no means-end scrutiny, no need for recitations of the dangers and risks of firearms. There is no deference to the legislative branch whatsoever, because ‘while that judicial deference to legislative interest balancing is understandable — and, elsewhere, appropriate — it is not deference that the Constitution demands here. The Second Amendment ‘is the very product of an interest balancing by the people....’”
