

Nybble Group Ranks No. 242 on the 2022 Inc. 5000 Annual List

With Three-Year Revenue Growth of 335 Percent, Nybble Group Receives Ranking No. 242 Among America's Fastest-Growing Private Software Companies.

NEW YORK, NEW YORK, UNITED STATES, August 29, 2022

/EINPresswire.com/ -- Inc. revealed that Nybble Group is No. 242 on its annual Inc. 5000 list, the most prestigious ranking of the fastest-growing private

software companies in America. The list represents a one-of-a-kind look at the most successful companies within the economy's most dynamic segment—its independent businesses. Facebook, Chobani, Under Armour, Microsoft, Patagonia, and many other well-known names gained their first national exposure as honorees on the Inc. 5000.

"We are thrilled to be recognized by the INC team as one of the fastest-growing private companies in the United States. It's been an amazing ride! At Nybble Group, we always talk about numbers, because they are important, they guide us, they allow us to measure success and correct gaps. However, one key component that can't be measured by numbers is the PASSION that defines us and what we do with technology for our clients. This recognition is dedicated our team, our Nybblers, who bring their passion, commitment, and loyalty - everyday! Thank you for being truly remarkable," said Gustavo Castenetto, founder, and CEO of Nybble Group.

The companies on the 2022 Inc. 5000 have not only been successful, but have also demonstrated resilience amid supply chain woes, labor shortages, and the ongoing impact of Covid-19. Among the top 500, the average median three-year revenue growth rate soared to 2,144 percent. Together, those companies added more than 68,394 jobs over the past three years.

"The accomplishment of building one of the fastest-growing companies in the U.S., in light of recent economic roadblocks, cannot be overstated," says Scott Omelianuk, editor-in-chief of Inc. "Inc. is thrilled to honor the companies that have established themselves through innovation,

More about Inc. and the Inc. 5000

Methodology

Companies on the 2022 Inc. 5000 are ranked according to percentage revenue growth from 2018 to 2021. To qualify, companies must have been founded and generating revenue by March 31, 2018. They must be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2021. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2018 is \$100,000; the minimum for 2021 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Growth rates used to determine company rankings were calculated to four decimal places. The top 500 companies on the Inc. 5000 are featured in Inc. magazine’s September issue. The entire Inc. 5000 can be found at <http://www.inc.com/inc5000>.
