Data Bridge Market Research analyses that the Europe healthcare information technology (IT) integration market to be grow at a CAGR of 15.67% in the forecast period of 2022-2029.

Healthcare information technology (IT) integration is a category of medical gadgets that allows physicians and clinicians to continuously monitor and care for infants and children. These devices can also be used to give the infant drugs, fluids, or even blood, check blood pressure, treat a variety of ailments, and keep track of the baby's status and health.

The upsurge in the demand for a system which can improve the efficiency of healthcare providers and institution will act as a major factor influencing the growth of healthcare information technology (IT) integration market. Furthermore, upsurge in the adoption rate of EHRs and other HCIT solutions and increase in the favourable government initiatives and support are the driving factors accelerating the growth of the healthcare information technology

(IT) integration market. Also, the rise in the demand for paperless technology and increasing need to integrate the healthcare system are the major market drivers that will further escalate the growth of healthcare information technology (IT) integration market. Another significant factor that will cushion the healthcare information technology (IT) integration market's growth rate is the growing requirement to build a single platform for patient's record and other healthcare providers. In addition to this, other factors involving the rise in the prevalence of chronic diseases, high return on investments involved with healthcare IT solutions and increasing geriatric population will expand the healthcare information technology (IT) integration market.

About Data Bridge Market Research, Private Ltd

Data Bridge Market Research Pvt Ltd is a multinational management consulting firm with offices in India and Canada. As an innovative and neoteric market analysis and advisory company with unmatched durability levels and advanced approaches. We are committed to uncovering the best consumer prospects and fostering useful knowledge for your company to succeed in the market.

Data Bridge Market Research is a result of sheer wisdom and practice that was conceived and built-in Pune in the year 2015. The company came into existence from the healthcare department with far fewer employees intending to cover the whole market while providing the best class analysis. Later, the company widened its departments, as well as expanded its reach by opening a new office in the Gurugram location in the year 2018, where a team of highly qualified personnel joins hands for the growth of the company. "Even in the tough times of COVID-19 where the Virus slowed down everything around the world, the dedicated team of

Data Bridge Market Research worked round the clock to provide quality and support to our client base, which also tells about the excellence in our sleeve.”
