

# ClearGov Named to Inc. 5000 Fastest-Growing Private Companies in America List Second Year in a Row

*Public sector agencies continue to adopt ClearGov's budgeting and workflow solutions, earning the company a place on the prestigious list for a second year.*

MAYNARD, MA, UNITED STATES, August

30, 2022 /EINPresswire.com/ -- For the second year in a row, Inc. Magazine named leading cloud-based public sector budgeting and online workflow software company, ClearGov, to the publication's annual [Inc. 5000 list](#), a ranking of the Fastest-Growing Private Companies in America. This was the second year of eligibility for ClearGov, during which the company

continued to grow and add value to the government technology sector.

“

Being included in the Inc. 5000 list for a second year in a row is a tremendous achievement that reflects all of the hard work our entire team has put in over the last year.”

*Chris Bullock, CEO and Co-Founder of ClearGov*

In the past year, ClearGov solidified its place in the govtech sector with strategic [partnerships](#) and an acquisition to offer its customers even more value. In June, the company [acquired the CityGrows licensing and permitting solution](#). The workflow editor is use-case agnostic, allowing governments to move any PDF or paper workflow process into the cloud in a matter of minutes. The new product is a natural fit for ClearGov, whose goal is to eliminate manual, time-consuming processes for governments while also

making processes easier and more transparent for citizens.

ClearGov also expanded its reach by entering into an exclusive partnership with NACo (National Association of Counties) as the preferred government budgeting solution of the organization's Financial Services Corporation.

And, the company enjoyed another year of triple digit growth in 2021, surpassed its 500th Digital Budget Book customer milestone, and won its 6th consecutive GovTech award. "To say it's been a great year is an understatement," said Chris Bullock, CEO and Co-Founder of ClearGov. "Being included in the Inc. 5000 list for a second year in a row is a tremendous achievement that reflects

all of the hard work our entire team has put in over the last year.”
