C8 Secure signs Contract with G3 Esports, LLC

“

There is no company better
positioned to build the
future of iGaming than with
Continent 8 Technologies
and their team at C8
Secure.”

*Anthony Gaud, Chief Executive
Officer and Co-Founder of G3
Esports*

G3 Esports is working with leading technology companies to pioneer a first-of-its-kind regulated esports and video game wagering platform, that will change the way that video games are developed, published, and how game developers generate revenue.

“We’ve assembled a team of leading video game, technology and iGaming experts to create a new way for Millennial and Gen-Z audiences to wager,” said Anthony Gaud, Chief Executive Officer and Co-Founder of G3 Esports. “The crossover of esports and videogames with the gambling sector requires significant innovations and

investment in new server technologies and state-of-the-art cybersecurity solutions. There is no company better positioned to build the future of iGaming than with [Continent 8](#) Technologies and their team at C8 Secure.”

“C8 Secure, a Continent 8 Company, is a premier provider of managed security services to the iGaming industry, and fully understands the intricate regulatory environment and compliance requirements that come with the esports industry,” said Patrick Gardner, Managing Director at C8 Secure. We look forward to supporting G3 Esports as they revolutionize a new generation of Play, Watch, and Wager. Building the future of esports and iGaming entertainment”

“The esports industry is a huge target for potential cyber threats, and our objective will be to provide blanket security to individual users - all on different devices, without hindering the user experience.”

About Continent 8:

Founded over 20 years ago, Continent 8 is an award-winning, multi-jurisdictional, global network solutions provider that connects, manages, and secures the world’s most valuable information. The company has data centers and strategic points of presence in over 80 connected locations spanning Europe, the Americas and Asia, and is expanding rapidly. Its carrier-grade network powers some of the biggest brands in iGaming, as well as companies in the finance, payment processing and public services industries.
