

Global Educational Services Market Growth Trajectory

*The Business Research Company's
Educational Services Global Market
Report 2022: Market Size, Trends, And
Forecast To 2026*

LONDON, GREATER LONDON, UK,
August 30, 2022 /EINPresswire.com/ --

As per The Business Research
Company's "Educational Services
Global Market Report 2022", the

[educational services market size](#) is expected to grow from \$2882.52 billion in 2021 to \$3191.79 billion in 2022 at a compound annual growth rate (CAGR) of 10.7%. The educational services market growth is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The educational services market is expected to reach \$4623.90 billion in 2026 at a CAGR of 9.7%. According to the educational services industry analysis, the flipped classroom model of teaching is enhancing students' learning experience by creating an interactive atmosphere in classrooms.

Key Trends In The Educational Services Market

Educational services are using gamification techniques to enhance the students learning experience. Gamification is the concept of applying game-design thinking to different classroom tasks to make them more fun and engaging. Gamification is creating a holistic learning atmosphere in educational services that boosts engagement, motivation and essential skills of students. For instance, according to a survey conducted by WeAreTeachers, 55% of teachers are using digital online games as part of their teaching, and 63% agree that students want to practice difficult skills when presented in a game-like format. Hornsby Middle School implemented gamification techniques to engage the students towards comprehensive learning.
