Plant-based meat is a type of food products which are sourced from vegan sources not using any meat, but providing similar functionality and taste. These products are designed to counter the major consumption of meats having a drastic impact on the environment.

The major growing factor towards plant-based meat market is the rise in the vegan and flexitarian population across the world. Furthermore, the rise in awareness regarding the health benefits offered by plant-based meat over animal meat and high growth in government initiatives along with significant investments are also expected to heighten the overall demand for plant-based meat market over the forecast period of 2021 to 2028. Moreover, the major food industry investing in and introducing plant-based meat products and increase in the health consciousness trend to influence the global plant-based protein are also expected to serve as foremost drivers for the plant-based meat market at a global level. In addition, the increase in the vegan population and high demand for organic food products are also lifting the growth of the plant-based meat market.

However, the large population allergic to plant-based meat sources such as soy and wheat and high cost of products in comparison to traditional meat are projected to act as a restraint towards the growth of plant-based meat market, whereas the false perception regarding the taste of plant-based meat products can challenge the growth of the plant-based meat market.

Moreover, the alternative solution to meet the growing demand for animal meat products and favorable marketing and correct positioning of plant-based meat are expected to further generate new opportunities for the plant-based meat market in the forecast period of 2021 to 2028.

Some of the major players operating in the Plant-Based Meat market are: Impossible Foods Inc., Gold&Green Foods Ltd., VBites Foods Limited, Maple Leaf Foods, Beyond Meat, Unilever, Conagra Brands, Inc., Quorn, Kellogg NA Co., Amy's Kitchen, Inc., Sunfed, Tofurky, Atlantic Natural Foods, Inc., Fry Family Food, Nutrisoy Pty Ltd., Nasoya Foods USA, LLC, Nestle, Hugli Holding AG, Lightlife Foods, Inc., and Taifun-Tofu GmbH
