About AircraftExchange.com

A popular product of IADA is AircraftExchange, the only site where every aircraft listed for sale is represented by an accredited dealer. To earn accreditation, IADA dealers must meet our accreditation standards, receive sponsorship from current IADA-accredited aircraft dealers and undergo a formal review process. IADA-accredited aircraft dealers agree to adhere to a strict code of ethics that ensures fully transparent transactions between IADA dealers and aircraft buyers.

The AircraftExchange search portal enables organizations to create a confidential dashboard of business jets for sale, filtered based on their features and amenities, aircraft class, age, and price. Users can browse through data-rich listings for some of the most popular aircraft manufacturers. <https://www.AircraftExchange.com>.
