“

This is the perfect read for those who enjoy fictional tales of fantasy-driven romance, as well as mystery and thriller stories and historical fiction elements.”

Tony Espinoza, Hollywood Book Reviews

In contrast to Grabmeier’s preceding technical and light-read works backed with his staggering life achievements and background, *Across the Chasm* delves into the author’s imaginative side. This fictional piece centers on the time-traveling adventures of Christopher Redding, a middle-aged businessman who

After finding himself in the body of another man in Mexico during the Mexican war, Chris’s already hectic life is further driven into shambles because as fate has it, he has to choose between his family and the woman he is now living with and has grown to love. However, Chris’s story does not end there....

Richard H. Grabmeier who has credible experience in writing as a Heavy Equipment instructor and technical writer; served as Military Assistance Advisory Group, training soldiers in Vietnam; training workers in the construction of early computer memory systems; a retired board chairman and an insurance company president. Grabmeier is now retired and is spending the majority of his time writing novels, *Across the Chasm* is his fourth published novel.
