Amazon customer reviews:

The Down Under Bedding 2-Pack Gusset Pillow Protector Set is a good quality set of pillow protectors. The protectors are 100% cotton, are soft, and have a high 400-thread count.

They do look and feel like premium pillow protectors. These protectors have a unique has L-shaped zipper design making it very easy to place your pillow in the case & the gussets help to accommodate very high loft pillows. The zippers seemed to operate smoothly without snagging.

Richie Rich

They fit well without squishing the pillow. In fact, there is a little extra room once zipped on, so you get the full effect of the pillow. I had a hard time finding extra large protectors; glad I came across these.
