National Nutrition has added the full range of SUKU gummy vitamins for their customers to shop and enjoy. Being one of the only sugar-free gummy vitamins available, these are healthy and fun to take. Many enjoy Appely Ever After which provides a dose of Apple Cider Vinegar or their Luscious hair combo which supports healthy hair, skin and nails.

Clean, Researched and Made in Canada

SUKU Vitamins was founded in Toronto, Ontario by Ju Young Yoo, while studying Naturopathic Medicine, who was looking for natural solutions for clear skin. Today, SUKU Vitamins still values rigorous research and development by partnering with leading nutritionists and naturopathic doctors. Additionally, SUKU Vitamins are made in Canada, with all products being tested at different stages throughout the manufacturing process.

SUKU developed the first sugar-free gummies. Consumers love SUKU Vitamins. They taste great and are sugar-free, free from sugar alcohols and contain no artificial colours or flavours.

SUKU Vitamins' CEO, Ju Young Yoo says: "This partnership with National Nutrition is very exciting because we can now help all of their health-minded customers across Canada. National Nutrition is also a health food store that cares about natural health education as much as we do, so this is a match made in heaven."
