

Plexus Corp. expands relationship with Part Analytics to manage supply chain disruptions & build supply chain resilience

MILWAUKEE, WI, USA, September 1,
2022 /EINPresswire.com/ -- Part

Analytics, the AI-powered sourcing platform that helps businesses build [supply chain resilience](#), accelerate product development and improve gross margin, today announced an expansion of its relationship with Plexus Corp. Plexus is a global leader in the Electronic Manufacturing

“

Implementing Part Analytics' sourcing platform at scale is aiding Plexus in navigating semiconductor and component shortages to meet our customer demand.”

*Plexus' Vice President of
Supply Chain Operations,
Brandon Wilson*

Services (EMS) industry providing complex product design, supply chain, manufacturing and aftermarket services for customers in the Industrial, Healthcare & Life Sciences and Aerospace & Defense market sectors. Plexus selected Part Analytics to expand its sourcing platform to all buyers, sourcing, and commodity teams across its organization.

“We are excited to continue and expand our work with Plexus,” said Jithendra Palasagaram, founder & CEO for Part Analytics. Part Analytics platform thrives on complexity and Plexus' global footprint, with hundreds of buyers and supply chain leaders, is a perfect fit for our solution. The expansion of Part Analytics' platform across

Plexus' global footprint gives Part Analytics an opportunity to provide supply chain risk and part availability insights to teams that are dealing with [chip shortages](#) every day. Our platform helps to resolve semiconductor and component shortages at scale to meet customer demand and mitigate price increases.

Plexus' Vice President of Supply Chain Operations, Brandon Wilson commented, “We were impressed with the speed and agility of the Part Analytics team in helping us to find greater success in managing [supply chain disruptions](#). Implementing Part Analytics' sourcing platform at scale is aiding Plexus in navigating semiconductor and component shortages to meet our customer demand. Part Analytics has exceeded our expectations and we are excited about expanding our partnership.”

Founded in 2019, Part Analytics serves a diverse set of customers in the manufacturing space, including Industrial, Healthcare & Life Sciences, Aerospace & Defense and Electronics

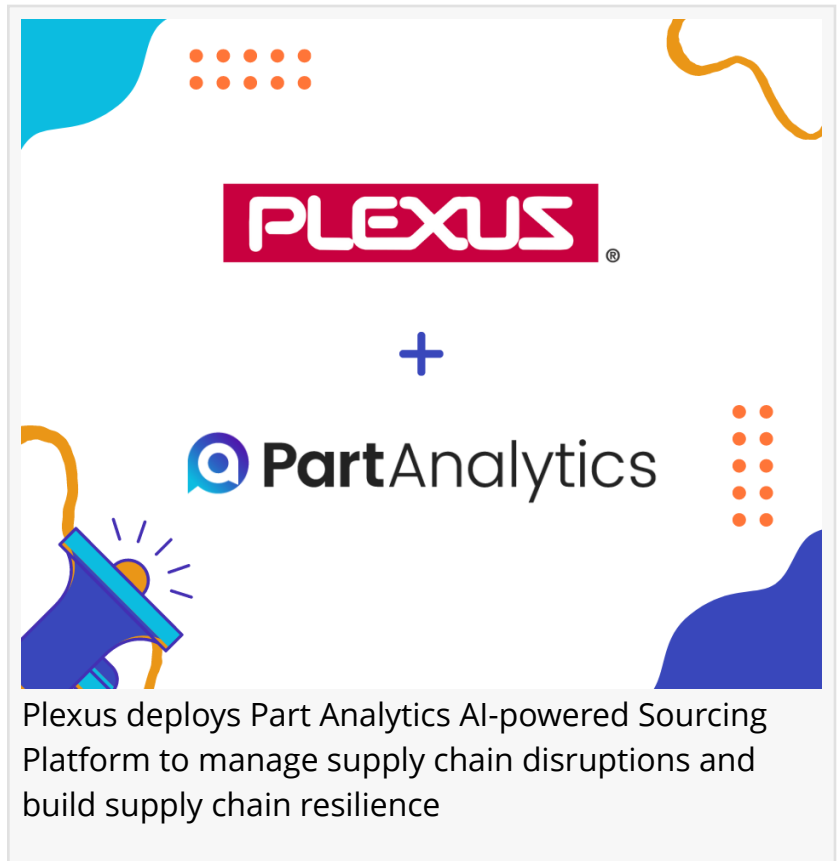

Manufacturing. Its sourcing platform has been recognized by sourcing and procurement community, such as SpendMatters, and Digital Procurement World.
