The PDMS market can be divided based on type into:

- Low-molecular weight PDMS
- High-molecular weight PDMS
- Ultra-high molecular weight PDMS.

The PDMS market can be divided based on its form into:

- PDMS elastomers
- PDMS fluids
- PDMS resins
- Others

The industry can be broadly categorised based on its application sectors into:

- Industrial Process
- Building and Construction
- Household and Personal Care
- Transportation
- Electrical and Electronics
- Healthcare
- Others

The global regions for PDMS market include:

- North America
- Europe
- Asia Pacific
- Latin America
- Middle East and Africa

Market Trends

Because of the high growth rate of the building and construction and automotive sectors, the PDMS market is expected to rise in developing nations in Asia Pacific, South America, the Middle

East, and Africa. The demand for PDMS elastomers is expected to rise as the healthcare, personal care, cosmetics, and other industries develop. As a result, the PDMS market is expected to be driven by the increased demand for elastomers over the forecast period. Due to expanding consumer spending and revenue levels, the region's growing building, automotive, personal care and consumer goods, and electronic and electrical sectors are expected to raise demand for PDMS.

Key Market Players

The major players in the market are DowDuPont Inc., Shin-Etsu Chemical Co., Ltd., Wacker Chemie AG, Mitsui Chemicals, Avantor, Inc., Elkem Asa, KCC Corporation, Alfa Aesar, CHT Group, and Others. The report covers the market shares, capacities, plant turnarounds, expansions, investments and mergers and acquisitions, among other latest developments of these market players.

About Us:

Expert Market Research (EMR) is leading market research company with clients across the globe. Through comprehensive data collection and skillful analysis and interpretation of data, the company offers its clients extensive, latest, and actionable market intelligence which enables them to make informed and intelligent decisions and strengthen their position in the market. The clientele ranges from Fortune 1000 companies to small and medium scale enterprises.

EMR customises syndicated reports according to clients' requirements and expectations. The company is active across over 15 prominent industry domains, including food and beverages, chemicals and materials, technology and media, consumer goods, packaging, agriculture, and pharmaceuticals, among others.

Over 3000 EMR consultants and more than 100 analysts work very hard to ensure that clients get only the most updated, relevant, accurate and actionable industry intelligence so that they may formulate informed, effective and intelligent business strategies and ensure their leadership in the market.
