

Film and TV Composer Frank Cogliano releases new single OLIVIA

After the success of "Computers of the World", Frank Cogliano looks to acoustic guitars to create a different vibe

NEW YORK, NEW YORK, USA, September 2, 2022 /EINPresswire.com/ -- [Frank Cogliano](#) has released "[OLIVIA](#)" on Spotify, Apple Music and all streaming platforms. The song is a meditative acoustic guitar loop that also weaves in sound design textures and outdoor city ambience. His previous release "[Computers of the World](#)" is more synth- focused, while this track explores the use of organic instrumentation and manipulated tape. He used a cassette tape backwards with a guitar viol to create some of the eerie textures in the background. Another release from film and TV composer Frank Cogliano that is not to be missed.
