

# World Experts From Five Continents To Discuss Latest Advances In Artificial Intelligence

*Tech giants including Google, Microsoft, IBM and Samsung to meet soon for a major Worldwide AI Webinar*

NEW YORK, UNITED STATES, September 2, 2022 /EINPresswire.com/ --

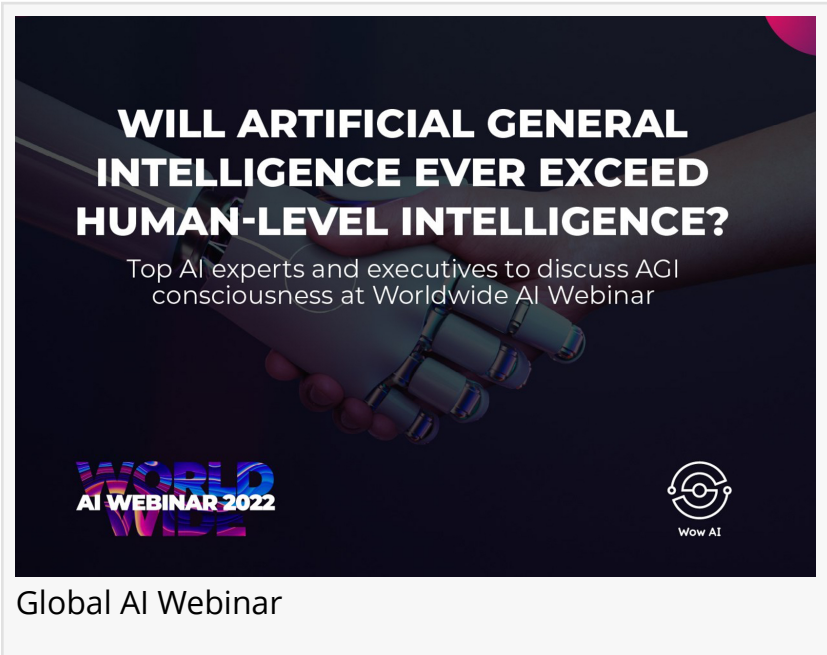

Artificial Intelligence is rapidly changing our world in unprecedented ways. It is fast becoming the very backbone of some of the world's largest economies, including the U.S.A, China and the United Kingdom.

But fundamental questions remain about the speed AI is developing, and how it is being used in vital areas from healthcare and sanitation, to construction and manufacturing. Every part of our lives are becoming touched by AI, and a major worldwide Webinar will soon bring together some of the world's most eminent AI experts, from tech giants and large corporations spreading five continents.

“

By joining this Worldwide AI Webinar, you will engage with top industry experts, and learn how global tech giants and regional corporations are making the most of this new and growing technology”

*Jean-Paul Hansford - Former BBC Senior Producer*

Global AI Webinar

Speakers are from Vice President, Head/Director of AI levels, from the United States, Brazil, Mexico, Argentina, Italy, Luxembourg, Germany, the United Kingdom, India, Vietnam, Indonesia, Singapore to Australia, and other countries as well.

The conference organiser and host is [Wow AI](#), a global provider of top quality AI training data. Some of the finest AI thought leaders will attend the event, including:
