What Is the Top 20 LMS for Customer Experience?

This Top 20 LMS list has been planned following a holistic approach based on input from actual users who were willing to share their experience with the LMS. The reviews have been verified one by one by eLearning Industry.

“

We are proud and honored to be the recipient of the top 20 LMS for Customer Services”

Viren Kapadia, President and CEO of Gyrus Systems

The order of appearance is a function of the following metrics:

Customer Satisfaction (CSAT Score): measures the degree of customer happiness with a particular product, service, or interaction.

Customer Effort (CEF Score): quantifies the amount of effort required to get customer support from the LMS vendor.

Customer Expectation (CEX Score): measures the gap between customer expectations and service received by the LMS vendor.

All of the above metrics are calculated based on a 5-step Likert scale from Strongly Disagree to Strongly Agree.

Our methodology was developed in collaboration with Dr. Panagiotis Zaharias who is a scientific collaborator of eLearning Industry INC and UX expert.

"For three years in a row, we have been ranked in the top 5 positions in Customer Experience thanks to our employees meeting the needs of our customers and partners. We are proud and honored to be the recipient of the top 20 LMS for Customer Services," said Viren Kapadia, President, and CEO at Gyrus Systems.
