

# L.A.B meets Paolo Baldini Dubfiles – Shadows Dub

*The first single from forthcoming album L.A.B In Dub crafted by Italian dub maestro Paolo Baldini*

LONDON, UNITED KINGDOM, September 6, 2022 /EINPresswire.com/ -- Eclectic New Zealand reggae-influenced band [L.A.B](#) have teamed up with Italian producer engineer [Paolo Baldini](#) for their new single [Shadows Dub](#).

It's the first release from their forthcoming full-length project L.A.B In Dub – where Baldini reshapes choice cuts from the band's back catalogue in dubbed out style.

The platinum selling group have ventured into uncharted territory with their first ever remix album. Baldini, whose analogue dub techniques are inspired by the Jamaican masters King Tubby and Scientist, was the perfect choice to reimagine their sound.

"The main ingredient for a good dub album, before a dub master, is proper songwriting. I am extremely thankful to L.A.B for giving me the opportunity to work on these super tunes that perfectly represent the soulful nature of reggae music from the southern hemisphere, and for letting me to add my personal touch and re-interpret them in a dub fashion!"

- Paolo Baldini

Shadows Dub is a haunting version of the song Shadows from L.A.B's 2019 album L.A.B III. It was sonically sculpted, in one live take, by Baldini at his Alambic Conspiracy Studio in San Foca, Italy.
