

BitcoinZ delivers Connect-Z, a new type of Decentralized Gateway bridging the BTCZ Ecosystem with Binance Smart Chain

Connect-Z is going to significantly expand the BitcoinZ ecosystem by connecting it with Binance Smart Chain and more chains in the future.

LONDON, UK, September 20, 2022 /EINPresswire.com/ -- Developers of the BitcoinZ Community have cooperated and delivered Connect-Z, a new type of Decentralized Gateway that is bridging the BitcoinZ ecosystem with Binance Smart Chain.

Connect-Z is a platform where the user can turn native BTCZ coins to same number of tokenized BTCZ that are released in the Binance Smart Chain and in even more blockchains in the near future.

“

With Connect-Z , the BitcoinZ Ecosystem is expanding significantly because the BTCZ asset is available in Binance Smart Chain and new popular markets like Pancake Swap”
BITCOINZ Community

popular markets and platforms.

The ratio is always 1:1 and the native coins are automatically locked in the Gateway since the maximum supply of BTCZ is immutable. In the same way, a user is able to change back tokenized BTCZ for native BTCZ. In this scenario, the BTCZ tokens are automatically burnt in order to unlock BTCZ in the native BitcoinZ blockchain.

Which are the benefits of Connect-Z ?

With Connect-Z , the BitcoinZ Ecosystem is expanding significantly because the BTCZ asset is offered in new

People that tend to use tokens can access BTCZ in BSC Decentralized Exchanges such as Pancake Swap, Platforms like TrustWallet or Metamask and soon in even more as the BitcoinZ Community will be developing bridges for additional blockchains.

On the other hand, new users will be able to learn more easily about BitcoinZ, the original cryptocurrency idea and the unique advantages that the BitcoinZ blockchain offers like : Next to zero fees, strong optional privacy, network independency, uncensored borderless transactions, maximized decentralization, PC-mining with ASIC resistant algorithm, active community that meaningfully participates in the Project's development and many more.

Already, BitcoinZ's value gained more than 50% and the project's relevant page in Coinmarketcap has not even been updated with the contract number yet.

Beware of fake tokens

One of the shortcomings in the token world of Binance Smart Chain is the fact that virtually everyone is free to launch tokens abusing the name of classic and well established projects. Please be careful and double check the contract address you use in every BSC scan. You can get the legit contract addresses only from the official web pages of each Project or in the relevant pages in platforms like CoinmarketCap.

Connect-Z can be found in the bridge.btcz.rocks url and it will be functional after 9 September 2022.

MINING ALGORITHM
 Z-Hash
 PC mining only with GPUs
 Green & efficient - PCs can mine & handle other tasks in parallel, without antagonizing ASIC miners

BLOCKCHAIN INFORMATION
 genesis date: 10-Sept-2017
 max supply: 21 Billion BTCZ
 block time: 2.5 minutes
 block reward: 0.250 BTCZ
 reward halving: every 4 years

INDEPENDENT NETWORK
 Not a chain fork
 Not a token
 100% Community Driven
 100% Uncensored

COIN DISTRIBUTION
 100% PoW
 All coins are distributed only to the Community

FAIR LAUNCH
 No Premine
 No Instamine
 No Forkdrops
 No ICO sales

TRULY DECENTRALIZED
 In every level:
 Network
 Governance
 Coin Distribution

IMMUTABLE ATTRIBUTES
 Max Supply
 Emission Rate
 Optional Privacy
 Chain Independency
 Proof of Work
 Community Driven

The image shows a promotional card for BitcoinZ. At the top left is the BitcoinZ logo, a yellow circle with a 'B' and 'z' and a lightning bolt. To its right is the text 'BITCOINZ' in large blue letters, with 'IN DECENTRALIZATION WE TRUST' below it. Further right is a QR code with 'SCAN ME' underneath. Below this header is the text 'THE PROJECT'S USEFUL LINKS IN ONE CARD'. The main body of the card is a grid of 20 QR codes, each with a 'SCAN ME' label. The QR codes are arranged in two rows of ten. The top row includes links for Pinterest, Discord, Twitter, Facebook, Reddit, Instagram, Tik Tok, Telegram, Github, and YouTube. The bottom row includes links for GETBTCZ.COM, BTCZ.ROCKS, BTCTALK FORUM, CRYPTOSPEDIA, BLOCKFOLIO, FLOYX, and BTCZ RADIO. At the bottom of the card, there is a small disclaimer: '*All logos & trademarks are property of their respective owners'. Below the card, the text 'BITCOINZ Community Social media profiles' is displayed.
