

# Hollow Metal Doors Market is expected to reach US\$ 4.82 Bn by 2032, increasing at a CAGR of 3.6% between 2022 and 2032

*Surge in Construction of Commercial & Residential Spaces to Propel Market for Hollow Metal Doors: Persistence Market Research Study*

NEW YORK CITY, NEW YORK, UNITED STATES, September 5, 2022  
/EINPresswire.com/ --

The "global hollow metal doors market" is estimated to increase at a value CAGR of 3.6% and reach a market valuation of US\$ 4.82 Bn by the end of 2032, according the detailed industry analysis by Persistence Market Research.

Since security is a concern in every working environment, there is growing demand for hollow metal doors across the industrial, residential, and commercial sectors. Factor such as durability, strength, security, lightweight, robustness, resistance to a harsh environment, less maintenance, and well-insulated materials are driving the global market for hollow metal doors. Sales have also been supported by rising customer preference for hollow metal doors as a better alternative to wooden doors.

Significant improvements in hollow metal door designs, manufacturing techniques, and core material have been achieved to fulfill shifting market demands and application-specific requirements to maintain market competitiveness.

Key Takeaways from Market Study

By product type, flush hollow metal doors and paneled hollow metal doors are projected to hold a market volume share of around 60% by 2032.

The honeycomb core material segment is anticipated to hold the largest market share of more than 30%.

By end use, the industrial sector is projected to create an absolute \$ opportunity of US\$ 547.5 Mn by 2032.

By region, East Asia and North America are expected to account for more than half of the global market share.

“Increasing construction of residential & commercial spaces and growing industrialization are expected to have a beneficial effect on market growth,” says a Persistence Market Research analyst.

## Market Landscape

To improve product reliability, manufacturers are working to develop techniques for hollow metal doors taking into account end-user requirements. Companies are expanding their market presence by equipping hollow metal doors with advanced features to provide the perfect combination of security and different door styles.

Some of the key hollow metal door manufacturers included in the report are:

ASSA ABLOY

Beacon Metals & Hardware Inc.

Deansteel Manufacturing Co Inc.

Overly Door Co.

Door Components Inc.

Apex Industries Inc.

Dunbarton Corporation

Mesker Door Inc.

Eightynine, LLC

Quality Engineered Products Co.

Houston-Starr Company.

Conclusion

Increasing demand from end-user sectors such as commercial, industrial, and residential is expected to fuel the growth of the hollow metal doors market over the coming years. The market is expected to grow as more people now prefer buying metal doors over other material-based doors.
