

Noodles Market Share Worth \$70.33 Billion by 2027 - New Research Report by IndustryARC

Increasing Consumer Inclination towards Fortified and Healthier Instant Noodles is Key Factor in Noodles Market Growth

HYDERABAD, TELANGANA, INDIA, September 5, 2022 /EINPresswire.com/

-- IndustryARC, in its latest report, predicts that [Noodles Market](#) Size is estimated to reach \$70.33 billion by 2027. Furthermore, it is poised to grow at a CAGR of 5.2% over the forecast period of 2022-2027. The Noodles Market is expected to be driven by the growing millennial population, as well

as the growing employed class around the world, who have a growing preference for packaged foods such as instant noodles. The report offers a complete analysis of the market, its major segments, growth factors, trends, drivers and challengers, key players and more.

Key takeaways:

1. Geographically, Asia-Pacific held a dominant market share in the year 2021, owing to the trend of healthy food. The use of packaged food products, such as instant noodles, in India, is being driven by a growing millennial population and a growing working-class client base. In addition, the companies have recently launched a number of new products with unique flavors, healthy ingredients, and packaging. Instant noodle consumption has increased significantly in India over the last few years as a result of these factors, help to the market's growth during the forecast period of 2022-2027.
2. However, growing awareness about the negative health impact of noodles owing to additives like monosodium glutamate is expected to hinder the growth of the target market to a certain extent.
3. A detailed analysis of strengths, weaknesses, opportunities, and threats will be provided in the Noodles Market Report.
