The book tells the story of Luella whose journey for eleven decades is made special in every step. She made life appear so beautiful despite the challenges and rough roads she had to take. However, Luella aged gracefully like fine wine. Why should you keep an eye for this book? Simply because it's a comforting and brilliant work of art. The experience you will get from it brings you feeling at home within the pages. A good way to get to know the book and the artist behind it is to check out several videos that are dedicated

to introducing the book and the author. The book trailer is found on YouTube sharing a glimpse of what the book is all about (<https://www.youtube.com/watch?v=HTsT49YeYol&authuser=0>).

In Mary Beal's interview with Sowega FPV (<https://www.youtube.com/watch?v=lrD5ixHSHuY>), she mentions that she was inspired to create a book about her biological mother because according to her, "She (Luella) was just an interesting person with a lot of determination, a lot of expectations; she was just different". As you go through with the book, you will be fascinated with the kind of woman Luella is — she is way more than what meets the eye. Of course, the maker of this masterpiece, Mary, is not just an author but also "many things" as what Zondra mentioned in the opening of her show as she introduced Mary Beal. A mother and daughter share greatness beyond reality. The interview with ZondraTv can be seen on their official website (<https://watch.zondratv.com/program-group/program/2b0ee70a49493ece0fcee8e264e54907>). These videos help grasp the meaningful story behind the creation of the book, the main character of the book, and the writer of the book. After checking these videos out, you'll surely want to purchase the book during the bazaar and be inspired by the chronicle of strength in the shape of Luella.
