CFS22 will feature a keynote presentation from DeLorean CEO, Mr. Joost de Vries on Thursday, October 27, 2022.

“

It is important for us to discuss the future of connected vehicles and our role in this process through our technology and our partnerships with such a prestigious group of global leaders at CFS22”

Joost de Vries, CEO, DeLorean

“We are thrilled to be hosted by the City of San Antonio and Port San Antonio – which is also the home of the brand-new DeLorean Motors Reimagined headquarters. As we learn about the future of DeLorean, we recognize the need for us to secure the connected vehicle ecosystem. We are excited to learn the story of DeLorean from Mr. de Vries and how the cyber community can assist him in his bold enterprise” says Valmiki Mukherjee, Chairman and Co-Founder of Cyber Future Foundation.

“It is an honor to keynote the 7th Annual Cyber Future Summit in our own backyard. DeLorean places great emphasis on its technology and creating user experiences that connect the driver with their loved ones and passion for the road.”, said Mr. de Vries, going on to add, “it is equally important to discuss the future of connected vehicles and our role in this process through our technology and our partnerships with such a prestigious group of global leaders.”

The summit is a leadership learning exercise and covers many critical topics related to securing

the digital economy, consumers, cybersecurity workforce development, businesses and national security. This is presented in over 40 main stage sessions through keynotes, executive statements, fireside chats and panel discussions.

CFS22 will also include:

- Innovation Showcase Experience
- Cyber Futurist Awards ceremony
- Cyber Warrior Games and Capture the Flag events
- Cybersecurity training for candidates and practitioners
- Interactive booths with live technology demonstrations
