*North America is anticipated to be the highest revenue contributor throughout the forecast period.*

PORTLAND, OREGON, UNITED STATES, September 6, 2022 /EINPresswire.com/ -- According to a new report published by Allied Market Research, titled, "[Hemodialysis Market](#) by Type, Product & Service, and End User: Global Opportunity Analysis and Industry Forecast, 2018-2025, the market was valued at \$71,502 million in 2017, and is projected to reach \$99,747 million by 2025, growing at a CAGR of 4.2% from 2018 to 2025. North America is anticipated to be the highest revenue contributor throughout the forecast period.

The function of kidneys is to remove waste products and excess fluid from the blood. If the kidneys do not function normally, this process is implemented by hemodialysis. Waste products, such as urea and creatinine, are removed from the blood with the help of artificial and natural semipermeable membranes.

The use of the hemodialysis procedure is highest in North America, attributed to the technological advancements in patient care and well-established healthcare infrastructure. North America is followed by Europe and Asia-Pacific. In addition, hemodialyzer manufacturing companies and hemodialysis service-providing companies have focused on expanding their presence in the emerging economies, which is anticipated to drive the market growth.

North America was the leading revenue contributor to the global market in 2017, owing to presence of a large population base along with a well-established healthcare infrastructure and

technological advancements in patient care. However, Asia-Pacific is expected to grow at the highest CAGR of 6.6% from 2018 to 2025, owing to rise in government initiatives to establish new dialysis centers, increase in awareness related to dialysis products in the market, and increase in the number of independent dialysis centers.

Major Key Players -

The report provides an extensive competitive analysis and profiles of the key market players, such as Asahi Kasei Corporation, B. Braun Melsungen AG, Baxter International, Inc., Cantel Medical Corp., DaVita, Inc., Diaverum, Fresenius Medical Care AG & Co. KGaA, Nikkiso Co., Ltd., Nipro Corporation, and NxStage Medical, Inc. The other players in the value chain (not included in the report) include Gambro, Satellite Healthcare, Inc., and MEDIVATORS, Inc.
