

# Charity Go Dharmic Leads Faith & Environmental Groups Fast In Parliament Square

*Raising Awareness on Loss & Damage Day Sept 22nd Action for Climate Breakdown & Justice*

LONDON, ENGLAND, UNITED KINGDOM, September 7, 2022

/EINPresswire.com/ -- UK Charity [Go Dharmic](https://www.godharmic.org/) is taking action and raising awareness on Loss & Damage Day, September 22, 2022, for climate breakdown, by leading a twelve (12) hour fast at Parliament Square, London. With climate change paralyzing the growth of countries and ruining millions of lives, it is imperative that rich countries and companies take responsibility for this loss and damage.

“

The poorest of the world are being punished & they have contributed the least to the impact of climate change. This is a profound contemporary injustice & cannot in all good conscience be ignored.”

*Hanuman Dass, Founder & Chairman, Go Dharmic*

To see the gravity of the situation, according to one study published in July 2022 in the journal: *Climate Change*, (<https://link.springer.com/article/10.1007/s10584-022-03387-y>) the United States has caused more than \$1.9 trillion in climate damage to other countries between 1990 and 2014, including an estimated \$310 billion in damage to Brazil, \$257 billion in damage to India, \$124 billion to Indonesia, \$104 billion to Venezuela and \$74 billion to Nigeria. Similarly, from *The State of the Climate in Asia 2020 Report* by the World Meteorological Organisation: "Sustainable development is threatened, with food and water insecurity, health risks and environmental degradation on the rise."

Go Dharmic will be leading people of all faiths, and none, by holding a one-day, 12-hour fast on

the 22nd of September to show solidarity, bear witness and raise awareness. There will be some people fasting who will spend the day in Parliament Square, London, while others, including groups, will fast remotely worldwide. Groups joining Go Dharmic include many faith-based individuals and organizations including Christian, Islamic, Jewish, Buddhist, Hindu, and secular groups, who will join hands in prayer, vigil, and charity.

“This seems to be one of the few ways that governments and businesses around the world will feel the weight of the suffering caused by the Climate Crisis and sooner introduce more responsible and mature climate-positive practices.

The poorest people of the world are being punished and they have contributed the least to the impact of climate change. This is a profound contemporary injustice and one that cannot in all good conscience be ignored. The stakes are too high. We must help them reverse the impact of climate change.

I would like to invite you to join us at the Mahatma Gandhi statue at 1 pm Parliament Square, London. We will celebrate his peaceful method of encouraging positive social change and highlighting injustice through fasting.”- Hanuman Dass, Chairman & Founder, Go Dharmic

About Loss & Damage Day- September 22nd:

Hanuman Dass- Founder & Chairman,  
Go Dharmic

22 Sept is Loss & Damage Action Day. A day to take action in solidarity with communities bearing the brunt of the climate crisis – it's time for the big polluters to #PayUp4LossAndDamage. People in poorer countries are bearing the brunt of the climate crisis while energy companies are lining their shareholders' pockets with record profits. This is unjust. Today, faith communities call on polluters to #PayUp4LossAndDamage. Those unable to join Parliament Square in person, are asked to show support by recording a message or posting on socials and fasting remotely. [Get involved here](#)
