Vision Impairment Market Dynamics:

Drivers:

Increasing Prevalence of Visual Impairment and Blindness

The rising prevalence of visual impairment and blindness is a primary driver of the global visual impairment market's growth. According to the World Health Organization (WHO), at least 1 billion individuals worldwide had a near or far vision impairment in 2019.

Increasing Investment in Healthcare Infrastructure

Another significant factor influencing the growth rate of the vision impairment market is the rising healthcare expenditure which helps in improving its infrastructure.

Rise in the Demand for Assistive Technologies

Increasing demand for assistive technologies will propel the market's growth rate. As the prevalence of eye illnesses such as diabetic retinopathy, refractive error, glaucoma, cataract, and age-related macular degeneration rises, so will need for assistive technologies in visual impairment.

Furthermore, rising initiatives by public and private organizations to spread awareness will expand the vision impairment market. Additionally, high disposable income and rising demand for advanced treatment and innovative solutions will result in the expansion of the vision impairment market. Along with this, rising geriatric population and changing lifestyles of people will enhance the growth rate of the market.

Opportunities:

Increase in the number of research and development activities

Moreover, the market's growth is fueled by an increase in the number of research and development activities. This will provide beneficial opportunities for the vision impairment market growth. Along with this, rising drug approvals and launches will further propel the market's growth rate.

Moreover, rising investment in the development of advanced technologies and increase in the number of emerging markets will further provide beneficial opportunities for the vision impairment market growth during the forecast period.

Regional Outlook of Global Vision Impairment Market:

North America (U.S., Canada and Mexico)

Rest of Europe in Europe (Germany, France, U.K., Netherlands, Switzerland, Belgium, Russia, Italy, Spain and Turkey)
